

EXAM 70-306

DEVELOPING AND IMPLEMENTING WINDOWS-BASED APPLICATIONS WITH MICROSOFT VISUAL BASIC .NET AND MICROSOFT VISUAL STUDIO .NET

ADVANCE YOUR CAREER!

The QuickCert MCSD courseware is designed to fully prepare you to become a Microsoft Certified Solution Developer. QuickCert provides you state-of-the-art courseware that is guaranteed to prepare you for your MCSD exam and a successful career. Begin your MCSD Certification training today!

The QuickCert MCSD training is delivered by one of the industries most sought after security instructors. We give you the flexibility and affordability you need by delivering the entire course through a computer-based training system.

APPROVED MULTIMEDIA TRAINING!

With a comprehensive book, study guides, hands-on training and hundreds of practice test questions, you will be fully prepared to pass your MCSD certification test and succeed in the computer industry. And, you can rest assured knowing that if you ever need assistance in preparing for your MCSD certification test, one of our certified educational consultants is only a phone call or email away.

Call us today and start preparing for your MCSD certification and become a Microsoft Certified Solution Developer! We are so confident in our training system; we guarantee you will pass your MCSD certification exam! Call for details, and get the IT training you need to succeed!

THE MCSD COURSE FEATURES:

- Instructor led training on CD Rom
- Digital audio/video presentations
- Money Back Guarantee*
- Hands-on exercises
- Free educational support from our certified staff
- Test prep simulators
- Comprehensive Books and study guides
- Affordable pricing
- Free Upgrades*

ADVANCE YOUR CAREER!

With our cutting edge Video/CD-ROM series, which includes our interactive hands-on training simulations, students will learn from real-world scenarios taught by our expert instructor.

EXAM 70-306

**DEVELOPING AND IMPLEMENTING WINDOWS-
BASED APPLICATIONS WITH MICROSOFT VISUAL
BASIC .NET AND MICROSOFT VISUAL
STUDIO .NET**

**HERE IS AN OUTLINE OF THE OFFICIAL
MICROSOFT COURSE OBJECTIVES AND SKILLS
MEASURED FOR THE 70-305 EXAM:**

This certification exam measures your ability to develop and implement Windows-based applications by using Windows Forms and the Microsoft .NET Framework. Candidates for this exam work on a team in a medium or large development environment that uses Microsoft Visual Studio .NET, Enterprise Developer Edition. Candidates have at least one year of experience developing Windows-based applications. Candidates should have a working knowledge of Microsoft Visual Basic .NET.

When you pass the Developing and Implementing Microsoft Windows®-based Applications with Microsoft Visual Basic® .NET and Microsoft Visual Studio® .NET exam, you achieve Microsoft Certified Professional status. You also earn:

- > Core credit toward Microsoft Certified Solution Developer (MCSD) for Microsoft .NET certification.
- > Core or elective credit toward Microsoft Certified Application Developer (MCAD) for Microsoft .NET certification.
- > Elective credit toward Microsoft Certified Database Administrator (MCDBA) on Microsoft SQL Server 2000 certification
